The diagram illustrates a file dependency structure. At the top is a header file box labeled 'include/multiscale /video/rectangular/Cartesian ToConcentrationsConverter.hpp'. Below it are two source file boxes. The left box is labeled 'src/multiscale/video /rectangular/CartesianToConcentrations Converter.cpp' and the right box is labeled 'src/multiscale/video /rectangular/MapCartesianTo Script.cpp'. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
