

multiscale::analysis
::RegionDetector::setBlurKernelSize

```
graph LR; A[multiscale::analysis  
::RegionDetector::setBlurKernelSize] --> B[multiscale::analysis  
::Detector::setDetectorSpecific  
FieldsInitialisationFlag];
```

A diagram showing a call to `setBlurKernelSize` on a `RegionDetector` object within the `multiscale` namespace. A blue arrow points from this call to a subsequent analysis step.
