

multiscale::video::CartesianToConcentrationsConverter::convert

main

```
graph RL; main --> multiscale::video::CartesianToConcentrationsConverter::convert
```

The diagram illustrates a call graph with two nodes. On the right is a white rectangular box labeled 'main'. A dark blue arrow points from this box to the left, where it points to a gray rectangular box. This gray box contains the text 'multiscale::video::CartesianToConcentrationsConverter::convert'.
