

```
multiscale::analysis  
::RectangularMatFactory  
::maxColourBarIntensityFromViewerImage
```

main

```
graph RL; main[main] --> multiscale[multiscale::analysis  
::RectangularMatFactory  
::maxColourBarIntensityFromViewerImage];
```

A diagram showing a call from a 'main' function to a 'multiscale' module. A blue arrow points from the 'main' box on the right to the 'multiscale' box on the left. The 'multiscale' box is shaded gray and contains three lines of code. The 'main' box is white with a black border and contains the text 'main'.
