

multiscale::analysis
::Cluster::getEntitiesConvexHull

```
graph LR; A["multiscale::analysis  
::Cluster::getEntitiesConvexHull"] --> B["multiscale::analysis  
::Cluster::getEntitiesContour  
Points"]
```

A diagram showing a call to the `getEntitiesConvexHull` method of the `Cluster` class within the `multiscale::analysis` namespace. A blue arrow points from this call to another call to the `getEntitiesContourPoints` method of the same class and namespace.
