

modules/video/circular
/include/multiscale/video
/circular/PolarGnuplotScriptGenerator.hpp

```
graph BT; A["modules/video/circular  
/src/CartesianToPolarConverter.cpp"] --> B["modules/video/circular  
/include/multiscale/video  
/circular/PolarGnuplotScriptGenerator.hpp"]; C["modules/video/circular  
/src/PolarGnuplotScriptGenerator.cpp"] --> B;
```

The diagram illustrates a file dependency structure. At the top is a header file box (shaded gray) containing the path 'modules/video/circular/include/multiscale/video/circular/PolarGnuplotScriptGenerator.hpp'. Below it are two source file boxes. The left box contains 'modules/video/circular/src/CartesianToPolarConverter.cpp' and the right box contains 'modules/video/circular/src/PolarGnuplotScriptGenerator.cpp'. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header.

modules/video/circular
/src/CartesianToPolarConverter.cpp

modules/video/circular
/src/PolarGnuplotScriptGenerator.cpp
